

Boomerang Air Charter Receives Argus Gold Rating for Second Year in A Row!

Saint Augustine, Florida / January 17, 2019: Boomerang Air Charter proudly announced that its private air travel service has received the highest "Gold" Rating offered by the rating service ARGUS....for the second time!

ARGUS is to aviation like JD Power is to automobiles. It measures all FAA certificated operators on various metrics that range from financial standing, maintenance and safety programs.

"The ARGUS Gold rating is viewed by many charter brokers and consumers as a benchmark in service and safety' " commented President, Elliot Mintzer. "Having this rating shows the industry and the traveling public that our safety, service and maintenance programs are at the highest level. Especially our captains with flight experience' " added Mintzer

Boomerang operates Pilatus PC12 aircraft in locations throughout the Mid-Atlantic, Southeast and the Bahamas. Locations include Nashville, TN - Jacksonville, FL and Orlando, FL. Offering on demand service in these locations provides travelers many options when it comes to private air travel.

Pilatus PC12 aircraft allow clients to travel with up to 9 passengers, enjoy a VIP experience in the luxury cabin that is larger than a mid-size jet for about half the hourly cost. The PC12 climbs to 28,000' and travels at 300MPH making trips to Chicago, Washington, DC and other cities very accessible.
