

## CEO of Game Changing App For Real Estate Investors To Keynote Local REIA Event In October

*Local real estate association, Yellowbird Connect to reschedule monthly networking event to October 3rd due to inclement weather.*

**JACKSONVILLE, Fla. - Sept. 30, 2019 - [PRLog](#)** -- Due to the expectation of Hurricane Dorian, Yellowbird Connect postponed their monthly networking event featuring David Lecko, CEO of Deal Machine. In the last year, Deal Machine has been downloaded over 80,000 times and used to capture over 2,500,000 potential deals by driving for dollars teams. It has added millions of dollars of revenue to scaling wholesale businesses around the United States. David created this app in hopes to enable individuals to find off-market deals and contact any property owner via direct mail, email and phone with a single click. House flippers in Jacksonville and surrounding markets are enlisting uber drivers to identify homes on their routes that their real-estate firm can buy and quickly sell for a profit. At this month's event, David will break down strategies for using the app for local flippers, agents and wholesalers to help them maximize their driving for dollars plan.

*YellowBird Connect's event, Scaling your Driving for Dollars Business with Deal Machine, will take place on October 3, 2019 at Jacksonville Golf and Country Club at 6 pm. The event is completely free with no registration needed.*
