**FOR IMMEDIATE RELEASE**

### **SISLER JOHNSTON INTERIOR DESIGN COMPLETES VICTORIA AND MADELINE MODELS AT ICI HOMES' TAMAYA**

JACKSONVILLE, Fla. (June 23, 2014) – ICI Homes' Victoria and Madeline models at its new master-planned Mediterranean-style community of Tamaya highlight the interior design talent of [Sisler Johnston Interior Design](#). The Jacksonville interior design firm has a long history of designing model homes for ICI Homes.

“ICI Homes' Tamaya is a gorgeous community offering beautiful homes, an elegant lifestyle and convenient location,” said Judith Sisler Johnston, president of Sisler Johnston Interior Design and allied member, ASID. “The Victoria and Madeline are extremely livable homes that showcase the exceptional quality and architectural style of ICI Homes.”

The Victoria is a two-story, single-family home with four bedrooms and three baths. Sisler Johnston selected a palette with high energy salsa colors including ripe tomato, green pepper and cilantro to contrast with walnut hardwood and modern furnishings that deliver everyday comfort and elegance. The home opens into a grand foyer that flows into a wonderfully designed family living area that includes an open gourmet kitchen and a great room with a dramatic two-story stone fireplace. Sliding glass doors lead to a covered lanai. There is also a home office and guest suite on the

first floor. The second floor features a split floor plan with the owner's suite and luxurious master bath are located on the opposite side for privacy.

The Madeline model is a single-level courtyard home with swimming pool and summer kitchen. The design offers more than 2,900 square feet of living space with four bedrooms including a private guest casita. The Madeline has an abundance of living and entertainment space and every room has very large proportions. Sisler Johnston selected a color palette of aquamarine, tart lime and ivory linen with a backdrop of silvery slate and smoke accents. The home's furnishings are contemporary and cutting-edge elegant yet reveal an inviting and comfortable appeal. The gathering room with coffered ceiling and the stylish gourmet kitchen are perfect for entertaining family and friends. Living spaces flow from indoor elegance to outdoor leisure. The Madeline's open and spacious design includes a luxurious owner's suite and generous closet and storage space.

Tamaya is a new ICI Homes' community located midway between Downtown and the beaches. The Victoria and Madeline models are among the community's eight decorated models in Tamaya's \$4-million model home park. The new community will ultimately accommodate 2,400 homes and a retail town center.

### **About Sisler Johnston Interior Design**

[Sisler Johnston Interior Design](#) offers comprehensive interior design services for commercial and residential clients. The company specializes in marketable designs for active adult and continuing care senior lifestyle communities. Sisler Johnston Interior
