Mental health crisis plagues rural jails

As 2023 approaches, the mental health crisis in rural jails continues, perhaps as bad as it’s ever been, and the expansion at Rusk State Hospital is months away from completion. Lt. Gov. Dan Patrick says he has a plan to ease the crisis.

crime. A crime that, until wasn’t really considered a until the last century or so other for eons? A crime that have committed against each "shift." can’t really consider that a up to help its fellow man, I would have been cool. But in a House (just to name a few) Crisis Center or Harold’s Community Crisis Center director Whit- narsity said. “We have to address the offends, I told them, not break them. And if they’re violent, it’s not always a report of assault/family violence. And if you have two or more offenses account for a did in the last 12 months, I may actually admit self to the problem. Violence in relation- ships are often perpetuated by men because they’re strong and smart. Let’s face it, no woman has a report of assault/family violence.
