

PUBLIC NOTICE

The Benton County School System is attempting to locate all children with disabilities, including giftedness. Some of these children may not be attending school at this time. If you know of a person aged 3-21 who has a physical or mental disability or impairment that substantially limits one or more major life activities, such as walking, seeing, hearing, speaking, breathing, learning, caring for oneself, and performing tasks age appropriately, please call the Special Education Department at 731-584-6111. The public school system is responsible for providing a free and appropriate education to all persons aged 3-21 with special needs residing in jurisdiction of the agency.
